Travel Subsidy Policy

I. Policy

The Urantia Book Fellowship (hereinafter The Fellowship) does not generally subsidize travel expenses of participants to General Council (GC) or to Executive Committee (EC) meetings. It is expected that General Councilors and Executive Committee members will personally bear these expenses. However, The Fellowship will consider, on a case-by-case basis, the grant of a travel subsidy to a GC or EC member in good standing for whom such travel would represent unusual financial hardship.

II. Procedure

A member of the GC or EC wishing to receive a travel subsidy needs to address such request to the President or to any other Fellowship officer. The officers will review the request and may allocate funds not to exceed 80% of the travel costs.
